JDK version used

- JDK version used in this project is **1.8**.

RDBMS

- **MySQL ver 5.7.19.0** is used in this project.

Set-up scripts

- To create tables in DB schema *bankDB*, run SQL script: **bank-worktest-1.3.2-src/src/main/resources/db_schema.sql**

Design choice

- Double lock checking while creating ApplicationContext so that multiple threads do not create multiple application contexts.
- **Framework used:** Spring 4, Spring JDBC for data access operations.
